NOAA National Marine Fisheries Service (NMFS) Highly Migratory Species International Trade Permit

A NMFS Highly Migratory Species International Trade Permit is required pursuant to 50 CFR 300.182 to import, export, or re-export swordfish, bluefin tuna, southern bluefin tuna, and/or frozen bigeye tuna, regardless of ocean area of origin.

Application Instructions

- Section 1 Print or type the requested information. NOTE: If business does not have a Federal ID Number, and owner does not have a social security number, then a DUNS number is required.
- Section 2 Print or type the names and addresses of additional facilities where fish are received, if applicable. If more space is needed, attach an additional sheet.
- Section 3 Print or type the requested information.
- Section 4 List all other state and Federal licenses, if applicable.
- Section 5 Include a check or money order made out to the United States Treasury for \$25.00. Select appropriate delivery options. For FedEx delivery, a completed airbill, including your account number or major credit card number with expiration date, is required.
- Section 6 The application must be complete and signed by the owner or it will be returned. The owner's signature declares under of penalty of law that all information on the application is true, accurate and complete.

Paperwork Reduction Act Notification: Public reporting burden for this collection of information is estimated to average 5 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining data needed, and completing and reviewing the information. Send comments regarding this burden estimate or suggestions for reducing this burden to: NMFS, Highly Migratory Species Division, 1315 East West Highway, Silver Spring, MD 20910. The Paperwork Reduction Act requires potential respondents for a dealer permit to be notified of certain information regarding their rights and the burden associated with applying for a Federal dealer permit. One of the regulatory steps taken by NMFS to carry out conservation and management objectives is the requirement of a permit for users of the resources. Section 971(d) of the Atlantic Tunas Convention Act authorizes the promulgation of regulations as may be necessary and appropriate to implement the recommendations of the International Commission for the Conservation of Atlantic Tunas (ICCAT). This permit is necessary for the implementation of required ICCAT trade monitoring programs. Pursuant to Section 402(b) of the Magnuson-Stevens Act, and consistent with NOAA Administrative Order 216-100 (Confidentiality of Fisheries Statistics), the Agency does not release confidential information submitted in compliance with provisions of the Act, other than in aggregate form and under circumstances required or authorized by law. Whenever data are requested or released to the general public, the Agency ensures that information on the pecuniary business activity of a dealer is not identified. Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to, a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.
